Francesco Wins the Handleap in Fast Time -Toscan a Surprise-Dr. Riddle Succeeds at Last-Only Two Favorites Finish in Front at Gravesend Track.

No stake event was decided at Gravesend yesterday, but the racing was good from a spectacular point of view although the crowd found it a puzzle to pick winners. Two favorites won, among the losers being Frank Farrell's Bonnibert, a 1 to 3 choice, who was beaten in the stretch when he appeared to have the second event, for all ages at a mile and a sixteenth well in hand. The horse to do the trick was Senator P. H. McCarren's two-year-old Mackey Dwyer, who showed great speed and endurance. Only three started, and Bonnibert, with Martin up. galoped up the backstretch with three or four lengths to spare, Mackey Dwyer being hard held by Redfern. At the far turn, however, Bonnibert, strange to say, began to falter and Redfern then put the two-year-old under a hard drive. With a brilliant dash the Carren colt came up to the favorite just as they were straightened out for Martin laying the whip on Bonnibert without mercy. But Mackey Dwyer drew away from the four-year-old and won in a drive

v two lengths in 1 47 4-5. C. F. Dwyer's Francesco, a strong favorite, won the handicap for all ages at a mile and a won the handicap for all ages at a mile and a furlong. St. Finnan, with Redfern up, made the running, attended by Francesco, who had to be vigorously ridden by Shaw to take the race by a length in the fast time of 152 3-5. St. Finnan lasted long enough to keep the place from Herbert, carrying top weight, by a head. Douro, second choice, ran in a most disappointing manner and was last.

The form players went astray in the first race, a bandicap for two-year-olds at five and a half furlongs, when they backed Shot Gun, Muzio and Monte Carlo, for Toscan, a 12 to 1 shot, led from the start and won in a drive by a length, with Shot Gun a length before Monte Carlo, who beat Muzio a neck, the time being 1 108

fore Monte Carlo, who beat state time being 1.08

Fifteen maiden two-year-old fillies ran in the third race, at five and a haif furlongs, with Geisha Girl and Florite equal favorites Jack Joyner's Erora, 10 to 1, turned up a clever winner by a length, with Pearl Diver, also to 1, beating Interval, who made most of the running by a neck

winner by a leight, with real force, and to to to, beating Interval, who made most of the running, by a neck.

Another beaten favorite was John A. Drake's Conundrum, who ran third in the fifth event, at a mile and seventy yards, Dr. Riddle, backed down to 16 to 5, winning in a hot finish by a head, with Remorse, 15 to 1, a head better than the favorite.

A. Featherstone's Emshee, also a favorite, finished third in the sixth race for maidens at about six furlongs, S. Sanford & Sons' Schoharie, second choice, getting to the wire first a head before Mac Ana, 10 to 1, who was a similar distance before Emshee.

Valley Forge, a receding first choice, won the last race, run under the same conditions as the sixth, leading always, and passing the judges two lengths before Andalusian, second choice. Tangible, 30 to 1, was third, three lengths away.

St. Louis, Sept. 10.—The feature of to-day's card at Delmar Park was a six and a haif furiong dash, in which the best sprinters at the track were brought together, and was won easily by Ethylene. In the first race, while making the first turn, Joquita, ridden by Sayers, stumbled and fell, rolling on the boy, who sustained a compound fracture of the leg. Joquita's neck was broken.

Time, 193. trouble he could not expect assistance. The fact that Burus and Bullman continued their tactics served as a poor example to the their factics served as a poor example to the other boys, who were soon trying the same methods, with the result that Mr. Pettingill soon had half a dozen good riders on the ground. Then it was that the stewards decided to adopt drastic measures. Burns and Bullman have been also accused of rough riding in many instances so that when their cases were finally considered by the stewards they had no chance to escape. That these they had no chance to escape. That these two boys will not be allowed to ride again this season there is little doubt, but they will probably receive new licenses next year. In the meantime the other jockeys are shaking in their shoes so that it is reasonable to expect decorum in future at the barrier.

Those who are in sympathy with Burns and Builman said yesterday that the boys had simply been trying their best to get their mounts away from the post. That they were more alert than the other riders and for that reason they appeared to be desirous of making trouble when in reality they were more diered to be desirous of making trouble when in reality they were merely doing what they believed was their duty. It was also said that by revoking their licenses, the two boys had been taken completely by surprise, for they had received no warning that they would be subjected to such a severe penaity.

The stewards, however, are determined that the rules must be enforced. They are on the watch for offenders of all kinds and there may be some more surprises for persons who least expect it. The fact that Red Path has been practically ruled off for another alleged case of "doping" is proof positive that the stewards have decided not to tolerate this evil further. When lockeys who continually perpetrate rides that are all out of keeping with form are brought up with a round turn and when trainers who indulge their horses in glaring in-and-out running have been disciplined, the racing public will feel quite sure that its interests will be amply protected.

The Dwyers won several handsome commissions on Francesco, who has been a profitable winner for them this year. In the second race there was a hot tip in circulation relative to T. Jack Joyner and his friends sprang a good thing in Erora in this race. They got as much as 15 to 1 for their money. The filly is by Locchatchee Equality and is a half-sister to Democrat, formerly owned by Lord Beresford, who was recently presented by King Edward VII. to Gen. Lord Kitchener for a saddle horse.

The Messrs, Sanford had a heavy bet on their Potomac colt Schoharie, winner of the sixth race, which bristled with good things, among them being Col. Rorer at 20 to 1. The Colonel had shown such phenomenal speed in private that the touts said.

"He's fit to beat all the maidens in the world and will win by a block"

to the regular college games the Washington continental team, composed of college players from a number of institutions, will contribute largely to the support of the game. The college team starts in the season somewhat handicapped by the loss of Carver, Mallery, Shaw and Thebo, but their places will be filled from the ranks of the entering classwhich contains a number of good men who will soon be put into good condition. Nearly all of the old players have reported for practice and are receiving their preliminary training under the direction of Dr. Towne and Capt. W. J. Smith of the '99 team, who has coached the eleven since his graduation. Manager Gould has completed the team's schedule and the regular games will be played as follows: Gould has completed the team's schedule and the regular games will be played as follows:

The football enthusiasts of the New York Interscholastic Athletic Association are back n the city and the schools were alive with was considerable discussion in regard to the proposed meeting to be held by the headmasters to reorganize the association, but no definite conclusion was reached. The question that seems to bother the boys is where the championship games will be decided this fall. It is rumored that Berkeley Oval is to be cut up into building lots. This will leave Columbia Oval at Williamsbridge and the Pastime Oval open for engagements. The latter seems to be favored, as it is in the heart of the city and easily reached.

From all accounts the championship football schedule will be out much earlier this year than in previous years. There has always been some trouble in arranging outside dates by the schools, owing to the late-ness of the regular schedule and the protests sent in have evidently borne fruit. first meeting of the local association will be first meeting of the local association will be held some time this month, when a Football Committee will be appointed and all details arranged. From what was said yesterday all the schools will enter a team this year. It was also said that the movement to have a senior and junior football league would receive careful attention.

During the summer there have been several changes. Wilson-Lvon School has consolidated with Columbia Grammar School, which will enable the latter to turn out an excellent football team. An instructor from Dr. Savage's institute will coach the candidates. The first practice will begin next week at the grounds of the New West Side Branch Y. M. C. A. The first petition was a nomination for State Betts for vice-consul. The regular ticket is a renomination of the present officers. C. J. Obermay, Brooklyn, chief consult W. M. Thomson, Albany, vice-consult, and J. F. Clarke, Staten Island, secretary-treasurer. The Brooklyn division of representatives on the regular ticket is the same as of old Stebbins, Valentine and Cobley. The Manhattan nominations show three variations in the seven men named. Secretary-Treasurer Clarke refused vesterday to give out a list that was accurate. He said he would give out what belonged to his office and the other executives a little bit later; at any rate, in plenty of time for L. A. W. members.

The opposition has not nominated any representatives up the State, believing that the delegates from the Greater city really are in control. The League is now in such a condition that every man nominated for an office is assessed, pro rata, for the election expense.

Seven of the New York players gathered around Umpire Irwin in the third inning of yesterday's game at the Polo Grounds and kicked over a decision on a base runner. The game was delayed for several minutes while the grumblers were to the front, and Smith was so observed. while the grumblers were to the front, and Smith was so obstreperous in his faultfinding that he was put out of the game. The New Yorks made two hits and eight errors to twelve hits and two errors for Brooklyn. Bill Donovan was at his best, and the New York batters were as capable as shadows in the face of his deadly delivery. In fielding, too, the Harlemites were weirdly weak. The Brooklyns won with absurd ease, and the game was farcical, so ineffectual was the resistance of the New Yorks to Brooklyn's scoring efforts. The New Yorks made one hit in the first inning and one in the last, and that was all; but in fielding they cuiled the errors in rich profusion, stacking up a choice collection of muffs and fumbles and wild throws.

PRINCETON, Sept. 16 .- Princeton's football PRINCEION, Sept. 18.—Princeton's football players reported for their first practice this afternoon. About twenty candidates were in uniform and they were nearly zil old players. The freshmen will not be ready to come out until Thursday, after their entrance examinations have been concluded. Until then it will not be known definitely what sort of material the entering class will furnish, but at present it looks as though there would be very few new men suitable for the vacant line positions. Eberhardt Holm Gives Harvey Parker a

Hard Tussie.

Eberhardt Holm, a welterweight, stood off Harvey Parker at the London Theatre on Saturday night for fifteen minutes and won \$50, which Parker offers to any man he fails to throw in that time. Holm had his right elbow bandaged. He did not content himself with defensive work only, but twice attempted to throw his heavier opponent. As Referee Kelly called the thirteenth min-ute Holm got Parker's head under his right arm and the spectators howled with delight. Just before time was called Parker got Holm to the edge of the mat and would have thrown him in another minute. Holm displayed great cleverness, twisting out of several fine holds that Parker had secured. Nick Elliott went on with Parker before the latter tackled Holm, but he lasted only five minutes.

John Plening disposed of two men at Miner's Theatre in jig-time. Antoine Hess, a 180-pound aspirant, was the first victim. Jack Cammann put up a much better argument.

George Bothner intends to make a tour of New York State in the near future. He has already planned to engage in about five contests with the best men in his division. He has signed articles to meet Max Wiley of Rochester, who was thrown by Harvey Parker recently. In this match Wiley showed such creditable form that he can secure backing for any amount. Bethner has also received an offer to visit Buffalo and meet an "unknown" at the Lafayette Theatre next month. In case his trip is successful Bothner says, he will take in Canada, Cleveland, Louisytlle, Cincinnati, Pittsburg and the other cities where wrestling is enjoying a revival just now.

cities where wrestling is enjoying a revival just now.

The following letter has been received from Billy Edwards, the local wrestler: "I am not satisfied with the outcome of my two matches with John Piening at Miner's Bowery Theatre last week and would like to meet him again. I was not in the best of shape and think that if I get another chance I will acquit myself better. If he cares to notice this challenge I will take him on in a fifteen-minute bout, all holds to be allowed."

Eddie Daily of this city, who developed and formerly managed John Piening the "Butcher Boy," has taken Eberhardt Halm under his wing. Halm is a Greeco-Roman wrestler in the lightweight division, and is clever. He has engaged in a number of matches in which he has shown fine form Daily is willing to match Halm against any 135-pounder in the profession and does not ber any one. Nick Elliott of this city and F. Hanson of Germany have signed articles to meet in a mixed style wrestling match, best two out of three falls for \$250 a side. The affair is to be held at Perth Amboy within the next four weeks. Both have forfeits up for appearance.

The contemplated visit of George Hackenschmidt to this country in the near future has started many interesting accounts of the foreigner's strength and prowess. Hackenschmidt, who is a Russian, is said to be the best wrestler in the business, not barring Nouralah or any of the other Turks. Harvey Parker, who has seen Hackenschmidt wrestle, says that he is a wonder and will create a sensation when he gets here. According to Hackenschmidt's record he has defeated Hali Adali, Nouralah, the late Yousouf and other of the Turkish cracks with ease. Hackenschmidt is only 24 years old, standing 5 feet 8 inches. His chest measures 56 inches, and he is a mass of muscles. Hackenschmidt, who has been wrestling only about five years, has never been defeated. He recently offered to take on six men, one after the other in the same night on the same mat, and agreed to throw them all in a space of twenty minutes or forfeit \$500. As yet his defi has not been accepted.

Max Luttbeg and George Bothner may meet in this city in November in a handicap match. Bothner is ready to accept Luttbeg's defi to throw him twice in one hour. George says that he will bet \$500 that Luttbeg cannot even throw him once in that space of time.

ferring on Sept. 24. The National League men will have another conference here on Sept. 24, when the baseball situation over which they are doing considerable serious thinking owing to the vigorous presence of the American League. will be further discussed. It is expected that at that time a definite plan of action for strengthening the National League's defences will have been arrived at and from that time on the campaign will be conducted along the lines agreed upon. Two or three methods of procedure are believed to have been discussed by the magnates at their confab this week, but if there were any suggestions as to peace they did not escape through the doors of the star chamber, Nevertheless, one or two of the League men have expressed themselves as in favor of pacific measures, recognizing the solidity war, which means, among other things

Jack Roberts, the former featherweight champion of England, finds it difficult to secure matches. Since his defeat by Will Curley, Roberts has been on the down grade. Jabez White, the crack English 134-pound champion, Seems to be enjoying unusual prosperity since he defeated "Spike" Sullivan. According to the London Mirror of Life, White has been engaged to appear at various music balls in England at a large salary. Later White says he will be ready to meet all comers for a side bet and purse. He contemplates a visit to this country, but does not expect to get here until January.

Another meeting between "Denver" Ed Martin and Frank Craig, the "Harlem Coffee Cooler," took place at Ginnett's Circus, Newcastie, England, on Aug. 30. Owing to the unsatisfactory ending of their previous encounter, Martin agreed to take Craig on again under conditions which prevailed for their first match to stop Craig inside of ten fourth, a heavy right doing the trick. In addition to his other contests, which are to take place at Chleago this month, Jack O'Brien of Philadelpila has agreed to box Con Riley of this city. Riley was formerly Rid McCov's sparring partner, and is rated as clever. O'Brien and Riley act to must before the flushness Men's Club of Findiay, Ohio.
